

PLAYON

Streaming Freedom is Here.

About PlayOn:

PlayOn is a Streaming Digital Video Recorder (SVR) that lets you record and download streaming videos from over 25 popular streaming channels. PlayOn has a mobile app (PlayOn Cloud) and a PC app (PlayOn Home). Use PlayOn to watch your favorite streaming videos on your TV, tablet or mobile device, without the ads, any time, even offline.

Key Features:

Record Anything (And Skip The Ads)

With PlayOn you can record any movie or show from streaming services like Netflix, Hulu, HBO Max, Disney+, CBS and more. You can even record an entire TV series with just a single click. Skip the ads on playback with AdSkip and enjoy a seamless watching experience.

Downloads Never Expire

With PlayOn your downloaded recordings never expire. They are MP4 files that you can watch on any device any time.

Watch On Your Big Screen

You can cast PlayOn recordings to your TV using a Roku, Chromecast or Fire TV. Whether your recording is on your PC or mobile device, you can send it to your TV with just one click – without the commercials.

Schedule Downloads Off-Peak

Schedule your recordings or downloads to occur during an off-peak window of your choosing and watch later without using any bandwidth. Save your valuable peak bandwidth.
